Where the book fell down for me was the author's interpretations listed to help others. I don't know how Annie Gottlieb arrived at her interpretations, but it seems to me that anyone participating in 'The Cube' would need to be open to and responsible for interpreting their own internal world.

Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

Dear Patrick, For five years I have been witness to your struggles to grow up without a father. As a family friend, I can't make that up to you. What I can do is stand by you, and teach you how to be the kind of man you wish your father had been ... So begins the correspondence of two unlikely friends, Patrick Buckley, a sixteen-year-old New York City high schooler, and Jeffrey M. Schwartz, internationally renowned neuroscientist and the critically acclaimed author of Brain Lock and The Mind and the Brain. Inspired by Patrick's straight forward questions, Schwartz examines the moral teachings of our greatest spiritual leaders -- Jesus, Buddha, and Moses -- and filters them through the lens of his cutting-edge psychiatric research, as well as his own experiences of childhood loneliness and loss. With fierce certainty and love, Schwartz provides Patrick with a blueprint for breaking free from the culture of corrosive cynicism that threatens to destroy him, and for constructing a decent, meaningful, and fulfilling life. The result is a fascinating and revolutionary new code for living born of a man and a boy who sought honor and self-command in a culture of self-indulgence.
