Adds a new paragraph 4.12 for ramp control markings in use by the industry and air/ramp controllers which supplements existing guidance in paragraph 4.9, Surface Painted Apron Entrance Point Signs. Note, as in this paragraph, the terms “ apron ” and “ ramp ” are used interchangeably throughout this AC. The meaning is the same.

~~Runway Safety HANDBOOK~~

As a result, airport apron layouts and markings not only vary from state to state, but even within airports of the same country! While only few official international regulations specify the applicable regulations for apron signs and markings, the “ ACI apron markings and signs handbook ” is now used as a reference, and pilots and other apron users significantly benefit from a standardisation.
