Possibly inspired by Count Basie's renewed activity at Verve Records in the mid-'50s, Columbia raided its vaults to assemble this thematic album, consisting of a dozen blues cuts dating between 1939 and 1950. The mix of late-'30s/early-'40s big-band swing and 1950-era small group sides makes this a fascinating document of two phases of Basie's career.

Count Basie led "The Band That Plays the Blues," and indeed his band did in its own swinging style for decades, propelling one of the major movements in American music. Long heralded as a giant of jazz, Basie built on a foundation of blues that was always evident in his music. He played blues piano with an easy, economical touch, wrote or revamped an impressive cache of blues and jump ...

Count Basie was one of America's pre-eminent and influential jazz pianists, bandleaders, and composers, known for such classics as "Jumpin' at the Woodside," "Goin' to Chicago Blues," "Sent for You Yesterday and Here You Come Today," and "One O'Clock Jump." In Good Morning Blues, Basie recounts his life story to Albert Murray, from his childhood years playing ragtime with his own pickup band at dances and pig roasts, to his years in New York City in search of opportunity, to rollicking anecdotes of Basie's encounters with Fats Waller, Frank Sinatra, Fred Astaire, Sammy Davis Jr., Quincy Jones, Billie Holliday, and Tony Bennett. In this classic of jazz autobiography that was ten years in the making, Albert Murray brings the voice of Count Basie to the printed page in what is both testimony and tribute to an incredibly rich life.

From Julia Blackburn, an author whose ability to conjure lives from other times and places is so vivid that one suspects she sees ghosts, here is a portrait of a woman whose voice continues to haunt anyone who hears it. Billie Holiday's life is inseparable from an account of her troubles, her addictions, her arrests, and the scandals that would repeatedly put her name in the tabloid headlines of the 1940s and 1950s. Those who knew her learned never to be surprised by what she might do. Her moods and faces were so various that she could seem to be a different woman from one moment to the next. Volatile, unpredictable, Billie Holiday remained, even to her friends, an elusive and perplexing figure. In With Billie, we hear the voices of those people-piano players and dancers, pimps and junkies, lovers and narcs, producers and critics, each recalling intimate stories of the Billie they knew. What emerges is a portrait of a complex, contradictory, enthralling woman, a woman who knew what really mattered to her. Reading With Billie, one is convinced that she has only just left the room but will return shortly.

The Basie blues style is expertly captured in this swing chart from Mike Story. It's easy enough for beginning jazz ensembles and good enough for more experienced bands to add to their libraries. You can't go wrong with this one! Very Easy (2: 37)

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

The definitive study of arranging by America's premiere composer, arranger and conductor. A "must" for every musician interested in a greater understanding of arranging. Includes chapters on instrumentation, orchestration and Nelson Riddle's work with Sinatra, Cole and Garland.

An intriguing memoir by the legendary bandleader.
