I recommend the same books in the previous posts and also if  
you can the CDIP workshop through AHIMA. I had a friend go  
through the workshop & they were given the "Achieving  
Excellence" book as a study guide - free w/workshop. I will  
say that the CDIP exam is more about Program Development  
and Management - less day to day- procedures.

But I agree that that doesn't mean everyone needs every  
credential. I sat for the CDIP more so out of curiosity to see  
what/how AHIMA defined a documentation improvement  
professional. And found after taking the exam that I felt it did  
not exactly meet the mark to evaluate a CDI professional's  
abilities.
