This text provides students with a thorough, but abbreviated, understanding of concepts, behavior, and accounting techniques applicable to manufacturing cost systems. It is designed for the brief cost accounting course found in career and community colleges.

Discover the managerial accounting text written to complement the way you study and learn! CORNERSTONES OF MANAGERIAL ACCOUNTING, 3E, uses a unique framework to show you the key concepts, or "Cornerstones," of accounting. As you come to understand these fundamental calculations, you will develop critical problem-solving skills to make real business decisions.

The authors have kept the text concise by focusing on the key concepts students need to master. Opening vignettes & 'in action' boxes show realistic applications of these concepts throughout. Comprehensive end-of-chapter problems provide students with all the practice they need to fully learn each concept.
