Human shields are legally protected persons—either civilians or prisoners of war—who are either coerced or volunteer to deter attacks by occupying the space between a belligerent and a legitimate military target. The use of human shields is forbidden by Protocol I of the Geneva Conventions. It is also a specific intent war crime as codified in the Rome Statute, which was adopted in 1998. The language of the Rome Statute prohibits "utilizing the presence of a civilian or other protected ...

On 23 August 1990, the world was outraged when five-year-old Stuart Lockwood was used in a publicity stunt by Saddam Hussein. This work is based on his mother's diary of their imprisonment in Baghdad during the Gulf War, and their treatment during Iraq's "human shield" policy.

A Diary of Four Years of Terrorism and Anti-Semitism 2000-2004 is an invaluable resource for anyone interested in Israel, the Mideast, anti-Semitism, terrorism and the threat it poses to the U.S. and the rest of the free world. Author Robert Friedmann ably links hate, vilification, and dehumanization, with terrorism. Starting with incidents of anti-Semitism in early 2000, he brings a "play-by-play" account of the recent wave of Palestinian terrorism, the horrendous terror atrocities such as 9-11, and the war in Afghanistan and Iraq. Spanning over the first four years of the new millennium, Friedmann points out the perpetrators, the victims, the supporters of terror, and the problematic media coverage. The two volumes of A Diary of Four Years of Terrorism and Anti-Semitism 2000-2004 cover the most sensitive period in modern history, demonstrating how false ideologies turn victims to perpetrators, how the industry of death is glorified, and the challenges to the very existence of Israel, the West, and to freedom. While realistically grim, the Diary offers no less a realistic hope that understanding anti-Semitism, anti-Americanism, and terrorism, is an essential instrument in successfully beating it. The Diary is a useful source to those interested in an in-depth understanding of key emergent world issues.

First Published in 2015. Routledge is an imprint of Taylor & Francis, an informa company.

Don't Look Back in Anger- Synopsis Preserved in it's original diary form, Don't Look Back in Anger is one woman's true account of her experience as a human shield in Saddam Hussein's desperate attempt's to avoid a military response to his invasion of Kuwait in 1990. After a number of agonisingly tense days waiting in the hotel where Chris worked, first Chris and then Caroline were seized by the Iraqi forces and brought at gunpoint to Iraq, where they would spend the next few months being shuffled between military and chemical installations. Conditions were appalling, and all the hostages, who were from many different Western countries, suffered not just physically but also mentally as they were exposed to filth, disease, uncertainty and the daily fear of imminent execution. Years later, when hostilities returned to the Arab Gulf, where Caroline has made her home, the fear, and painful memories of that dreadful time returned to haunt her, and prompted her to revisit her diaries and present them in a book format: Don't Look Back in Anger.

They didn't see it coming. Nothing could stop it. Not dogmas, nor beliefs, nor the infinite sense of superiority held by most of the human race; not political elites, nor religions with millions of faithful united in a useless universal prayer, nor the economic power of the few at the top that gave them the authority to seize for themselves any thing or person they wanted; there was absolutely nothing that could stop the invasion, the annihilation of millions of human beings of every race, color and religion – the mass extinction of our collective human ego. Thousands of years of evolution. So much blood spilled. They, the humans, who had learned to shape themselves to enslave and dominate each other... Dictatorships, laws, fear, oppression, utopic liberty, democracy, dreams; all mere words that were only different sheep's clothing on the same ravenous wolf. So much pain, so much effort to pacify the despicable self-destructive tendency programed into our genes. And in the end... They didn't see it coming. "Diary of an Extinction: Consciousness" brings this series to a dramatic, shocking conclusion, as Abril is forced to examine her fears, muster her strengths, and lay aside her ego to discover the truth about her motivations and her mother's love.

Traces the roots of the Persian Gulf War and the role women played in the military, as correspondents, as medics, and on the homefront.

Secrets of my Diary is a book based on a little girl by the name of Brandy Bennett. Throughout her childhood to adulthood, she had to endure many traumatic experiences such as rape and physical and verbal abuse from her mother and molestation from many men. Her mother, Shirley McCoy, was a victim of drug abuse while trying to cope with the fact that Brandy's biological father, Mark, neglected them both. Having to carry that heavy burden, Brandy fights within herself to deal with her daily life. Pimped, in and out of foster care, and shipped away for money, Brandy becomes isolated to the world around her and locked in her room. Brandy feels as though there is no way out until 2002, an R&B artist by the name of Mario Barrett touches her big screen. Throughout her teenage years until her early thirties, Brandy has kept this artist's music near. As she listens to Mr. Barrett's music on a daily basis, she begins to find healing and self-worth. With the strength of Christ and a God-given voice, Mario keeps Brandy's mental state at bay.

The non-violent protests of civil rights activists and anti-nuclear campaigners during the 1960s helped to redefine Western politics. But where did they come from? Sean Scalmer uncovers their history in an earlier generation's intense struggles to understand and emulate the activities of Mahatma Gandhi. He shows how Gandhi's non-violent protests were the subject of widespread discussion and debate in the USA and UK for several decades. Though at first misrepresented by Western newspapers, they were patiently described and clarified by a devoted group of cosmopolitan advocates. Small groups of Westerners experimented with Gandhian techniques in virtual anonymity and then, on the cusp of the 1960s, brought these methods to a wider audience. The swelling protests of later years increasingly abandoned the spirit of non-violence, and the central significance of Gandhi and his supporters has therefore been forgotten. This book recovers this tradition, charts its transformation, and ponders its abiding significance.

Achudhan and Prashanthi are in deep love with one and other. They decide to take their relationship one step further by moving in together. Prashanthi felt that Achudhan was a perfect partner for her, despite him being mute and an orphan. But what she doesn't know is that Achudhan has a dark side to

him. He is a serial killer and gets satisfaction from taking a human life. Achudhan has a unique and abstract love towards violence, but his love for Prashanthi was more superior. So, when they move in together, he decides to hide his identity from her and also thinks about quitting his dark life. But as days go by, his mental trauma starts to mount. Being a sidekick of a religious serial killer for years, Achudhan finds it hard to get over his addiction. He finally gives in to his urges and decides to kill one last time. And from that moment, his world starts crumbling bit by bit. People slowly start to discover his secrets. He starts gaining enemies and friends, but he finds it difficult to differentiate among them. Does Achudhan overcome it all and have a happy life with his loved one? Can a human, who has had the worst possible start to his life, attain a 'happily ever after' ending? If yes, then can people be differentiated as good and bad?

Haditha Diary is a novel of the Iraq War set in an infamous town. Heroic, yet human, Americans fought a controversial war to uproot totalitarianism, blunt Islamofacism, and give the gift of hope. The under-recognized Christian faith of American heroes underpins the courage of fighting men in Haditha Diary. Beginning in 2002, Haditha Diary presents the story of the war through 2008. The setting is real, the story reflects actual events, and the names of heroes have been changed to protect people still fighting terrorism. Espionage, frontal assaults, and dirty-tricks culminate in a suspenseful ending when a "U.N. Mandate" floods a recently secured town with Al Queda terrorists who face off against the Marines. Treachery and patriotism abound in this thriller where battles and characters are barely fictional and always closer to the truth than the evening news. J.D. Cowart accepted Jesus as Lord and Savior in 1977. Called to serve and protect, he enlisted in the Marine Corps in 1991 and completed the USMC enlisted School of Infantry. After Meritorious Promotion to Corporal, he was commissioned an Officer of Marines. Cowart served as an Artillery Officer until 1999. He joined the Texarkana Police Department where he became a detective after three years. He was activated from the Marine Reserves in 2003 and made a Company Commander. He later completed the Marines' three-month Infantry Officers Course. The author began a second company command tour in 2005 and started preparing his Marines for the meat grinder that was the Iraq War. He earned a Bronze Star while serving as a USMC Infantry Company Commander in the notorious Haditha AO. "I thank God for the privilege of serving," he says. The author currently attends Trinity Baptist Church in Texarkana, Arkansas with his wife, Amanda and their two children, Fayeth and John Asher.
