L T Control Panel - kzzax.anadrol-results.co

Here's how to find the Control Panel, which is a little more hidden than it was on Windows 7. On Windows 7, you could click the Start button and click "Control Panel." On Windows 8 and 8.1, you could right-click the Start button or press Windows+X and click "Control Panel." Neither of those methods works on the latest version of Windows.

How to Open the Control Panel on Windows 10

Select Control Panel from the list in the right margin. Windows 7 or Vista: If you don't see Control Panel listed, the link may have been disabled as part of a Start menu customization. Instead, type control in the search box at the bottom of the Start menu and then choose Control Panel when it appears in the list above.
