The History of Canadian women is the study of the historical experiences of women living in Canada and the laws and legislation affecting Canadian women. In colonial period of Canadian history, Indigenous women's roles were often challenged by Christian missionaries, and their marriages to European fur traders often brought their communities into greater contact with the outside world.

By Laura Wershler. Note from OBOS: In 2009 and again in 2012, Our Bodies Ourselves posted two blog posts on the adverse effects and withdrawal symptoms that some women experience while using or quitting the birth control injection Depo-Provera. The posts generated thousands of comments from women who were having problems with the shot and were desperately seeking help and advice.

Mammals (from Latin mamma "breast") are a group of vertebrate animals constituting the class Mammalia (/ m ? ? m e ? l i ? /), and characterized by the presence of mammary glands which in females produce milk for feeding (nursing) their young, a neocortex (a region of the brain), fur or hair, and three middle ear bones. These characteristics distinguish them from reptiles and birds, from ...
