- Peter Carey, My Life as a Fake I love Peter Carey. If every artist is indeed a thief, Carey is a literary larcenist. I've read three of his novels this year and all were fantastic and all seemed to be written by an inspired ventriloquist who juggles voice-to-voice, scene-to-scene, on a tightrope of his own fancy.

It's nice to think you're living your most authentic life, but that's not always true. So many people live a fake life and miss out of the fullness of existence. My Life as a Fake is his brilliantly fictionalized spin on the greatest literary hoax in Australia's colorful history. In the 1950s poet Christopher Chubb composes a body of sexually charged poems. Melbourne, the late 1940s. A young conservative Australian poet named Christopher Chubb decides to teach his country a lesson about pretension and authenticity. Choosing as his target the most avant-garde of the literary magazines, he submits for publication the entire oeuvre of one Bob McCorkle, a working-class poet of raw power and sexual frankness, conveniently dead at twenty-four and entirely the product of Chubb's imagination. Not only does the magazine fall for the hoax, but the local authorities also sue its editor for publishing obscenity. At the trial someone uncannily resembling the faked photograph of the invented McCorkle, leaps to his feet. At this moment a horrified Chubb is confronted by the malevolent being he has himself manufactured...

Following the triumph of his Booker Prize–winning True History of the Kelly Gang, Peter Carey ventures into the Far East with a novel shot through with mysteries at once historical, literary, and personal. Sarah Wode-Douglass, the editor of a London poetry magazine, had grown up knowing the famous and infamous John Slater. And because he figured prominently in the disaster that was her parents' marriage, when Slater proposes that she accompany him to Malaysia, Sarah embarks out of curiosity on a journey that becomes, instead, a lifelong obsession. Her discoveries spiral outward from Christopher Chubb, a destitute Australian she meets by chance in the steamy, fetid city of Kuala Lumpur. He is mad, Slater warns her, explaining the ruinous hoax Chubb had committed decades earlier. But lurking behind the man's peculiarity and arrogance, Sarah senses, is artistic genius, in the form of a manuscript he teases her with and which she soon would do anything to acquire. The provenance of this work, she gradually learns, is marked by kidnapping, exile, and death — a relentless saga that reaches from Melbourne to Bali, Sumatra, and Java, and that more than once compels her back to Malaysia without ever disclosing all of its secrets, only the power of the imagination and the price it can exact from those who would wield it. Astonishing, mesmerizing, and ultimately shocking, My Life as a Fake is the most audacious novel yet in Peter Carey's extraordinary career.

Ferocious and funny, penetrating and exuberant, Theft is two-time Booker Prize–winner Peter Carey's master class on the things people will do for art, for love . . . and for money. "I don't know if my story is grand enough to be a tragedy, although a lot of shitty stuff did happen. It is certainly a love story but that did not begin until midway through the shitty stuff, by which time I had not only lost my eight-year-old son, but also my house and studio in Sydney where I had once been famous as a painter could expect in his own backyard. . . ." So begins Peter Carey's highly charged and lewdly funny new novel. Told by the twin voices of the artist, Butcher Bones, and his "damaged two-hundred-and-twenty-pound brother" Hugh, it recounts their adventures and troubles after Butcher's plummeting prices and spiralling drink problem force them to retreat to New South Wales. Here the formerly famous artist is reduced to being a caretaker for his biggest collector, as well as nurse to his erratic brother. Then the mysterious Mariene turns up in Manolo Blahniks one stormy night. Claiming that the brothers' friend and neighbour owns an original Jacques Liebovitz, she soon sets in motion a chain of events that could be the making or ruin of them all. Displaying Carey's extraordinary flare for language, Theft is a love poem of a very different kind. Ranging from the rural wilds of Australia to Manhattan via Tokyo – and exploring themes of art, fraud, responsibility and redemption – this great novel will make you laugh out loud.

SOONTO BE A MAJOR MOTION PICTURE The international bestseller, Booker Prize winner, and winner of the 2001 Commonwealth Writers' Prize for Best Book. Out of 19th century Australia rides a hero of his people and a man for all nations: Ned Kelly, the son of poor Irish immigrants, viewed by the authorities as a thief (especially of horses) and, as a cold-blooded killer. To the people, though, he was a patriot hounded unfairly by rich English landlords and their stooges. In the end, Kelly and his so-called gang (his younger brother and two friends) led a massive police manhunt on a wild goose chase that lasted twenty months, in which Ned's talents as a bushman were augmented by bank robberies and the support of nearly everyone not in a uniform. His one demand – for which he would have surrendered himself was his jailed mother's freedom. Executed by hanging more than a century ago, speaking as if from the grave, Kelly still resonates as the most potent legend in the land down under.

An autobiographical story of a journalist's burning desire to find the truth in politics - and the incredible journey and international outrage that happened when he asked his questions.

From the two-time Booker Prize-winning author: an irrepressible, audacious, trenchantly funny new novel set in the 19th century and inspired in part by the life of Alexis de Tocqueville. With dazzling exuberance and all the richness of characterization, story, and language that we have come to expect from this superlative writer, Peter Carey explores the birth of democracy, the limits of friendship and whether people really can remake themselves in a New World. The two men at the heart of the novel couldn't be any more different: Olivier is the son of French aristocrats who (barely) survived the French Revolution. Parrot is the motherless son of an itinerate English printer. But when young Parrot is separated from his father (after a stupendous conflagration at a house of forgery) he runs into the powerful embrace of a one-armed marquis who will be his conduit - like it or not - into a life as closely (mis)jallied with Olivier's as if they were connected by blood. And when Olivier sets sail for America - ostensibly to make a study of the American penal system, but more precisely to save his neck from the latest guillotineurs - Parrot, unable to loosen the Marquis's grip, is there too: as spy, scribe, comptroller, protector, foe and foil. As the narrative unfurls, shifting between the perspectives of Olivier and Parrot, between their picaresque adventures apart and together, in love and politics, prisons and finance, homelands and brave new lands - a most unlikely friendship begins to take hold.

"It's outrageous that an educated man and a gifted writer like Mr. Mathews could make such a public confession of such shameful activities." Q. Kuhlmann, author of The Eye of Anguish: Subversive Activity in the German Democratic Republic

Fake is the fascinating story of one of the four 'rogue traders' whose foreign exchange trading cost the National Australia Bank \$360 million. The resulting scandal was swiftly followed by the resignation of the CEO and Chairman. Later, unprecedented boardroom brawling erupted as directors sought to shift the blame and seek scapegoats. Against the backdrop of this multimillion-dollar trading frenzy, David Bullen takes the reader into his trading world, where players worked hard and partied harder, treating the staff at other desks with contempt and the trades as little more than a game. But David is a complex character, and this story is also the story of his personal journey from a self-confessed hedonist enjoying the lavish perks of corporate life to his involvement in the drug-enhanced dance party scene and finally his search for enlightenment. As his attitude shifts from one of unabashed arrogance to tolerance and detachment, so he realises that he was only 'a faker making fake trades'.

The two-time Booker Prize winner now gives us an exceedingly timely, exhilarating novel—at once dark, suspenseful, and seriously funny—that journeys to the place where the cyber underworld collides with international power politics. When Gaby Baillieux releases the Angel Worm into Australia's prison computer system, hundreds of asylum-seekers walk free. And because the Americans run the prisons (let's be honest: as they do in so many parts of her country) the doors of some five thousand jails in the United States also open. Is this a mistake, or a declaration of cyber war? And does it have anything to do with the largely forgotten Battle of Brisbane between American and Australian forces in 1942? Or with the CIA-influenced coup in Australia in 1975? Felix Moore, known to himself as "our sole remaining left-wing journalist," is determined to write Gaby's biography in order to find the answers—to save her, his own career, and, perhaps, his country. But how to get Gaby—on the run, scared, confused, and angry—to cooperate? Bringing together the world of hackers and radicals with the "special relationship" between the United States and Australia, and Australia and the CIA, Amnesia is a novel that speaks powerfully about the often hidden past—but most urgently about the more and more hidden present.

From acclaimed author Donna Cooner comes this gripping and timely story about identity, revenge, and the lies -- and truths -- we tell online.
