remedies, gems and talismans, as well as practical advice for avoiding psychic compromises.

This book will carry you away to a world of exquisite, enchanting scents. Various fragrances affect our moods, may stimulate and excite us, bring us calmness and harmony, bewitch and inspire or even heal. Since ancient times essential oils and incense have been employed in healing, for seduction and for religious rituals. This book particularly addresses their subtle influences, but also presents and describes the plants from which they are obtained.

"An impressive array of selections. They show common ethics that transcend the narrow confines of sectarianism." ATLANTA JOURNAL & CONSTITUTION Beneath the seeming differences of all the world's great religions, lies a pool of universal truth. ONENESS collects these beliefs together for the first time, in the actual words of each religion's scriptures. These universal principles act as a guide to inner development, and allow each individual to achieve spiritual richness.

The acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation," All About Love is a revelation about what causes a polarized society and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us

instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the "100 Visionaries Who Can Change Your Life." *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

Here is the revealing underground classic, a work that stands beside the "Seth" books as a delightful and invaluable guide to our inner spirit and our outer world. Emmanuel speaks to us through Pat Rodegast and shares his wisdom and insights on all aspects of life.

Beautifully written and illustrated, Emmanuel's Book I is to be treasured, enjoyed and passed on to a friend. Emmanuel says: "The gifts I wish to give you are my deepest love, the safety of truth, the wisdom of the universe and the reality of God The issue of whether there is a Greater Reality or not, for me at least, has been settled. I know that there is. So I will speak to you from the knowing that I possess." Ram Dass, in the introduction, says: "Being with Emmanuel one comes to appreciate the vast evolutionary context in which our lives are being lived And at each moment we are at just the right place in the journey. As Emmanuel points out, 'Who you are is a necessary step to being who you will be.'"

A comparative analysis of the human body, celestial body and their interconnectedness. "As above so below." Examines the various organs in our brain to religious characters.

"From the earliest days of thinking man, people the world over have pondered the nature of the Universe, our planet, and of ourselves. What does it all mean? Why am I here? What is the real purpose of my life? What will happen to me after I die? Will I return once again for another life on Earth?" So starts the first paragraph of this book, summarising and encapsulating very succinctly both the reason I was inspired to write Our Ultimate Reality and a concise summary of the

contents contained therein. As we approach the end of a great age for humanity, increasingly more people from all walks of what we know as "life" are asking what it all means for them, for their families and for their future existence on this planet we call "Earth." Our Ultimate Reality, Life, the Universe and Destiny of Mankind is your complete reference and guide for realising the Divine heritage of each and every one of us as equal aspects of our Creator, a life of perfect happiness, health, abundance, fulfilment and Spiritual evolution. This book has been written in a modern, understandable, non-mystical way, setting out in a concise, logical, easy to follow format, all you need to know in order to understand, pursue and realise your own true potential during this pivotally important era. I wish you every possible success as you follow your own true destiny on the path of return to our Divine Creator from Whom we came in the beginning, and wish that this book will prove to be your valuable guide and companion.
