Before you start any work on the engine, make sure you have a copy of the Haynes Workshop manual to hand - Some cars had 'extra' bits, power steering pump, which runs of the back of the camshaft. This has to be removed for the Land Rover conversion. Later cars were fitted with an EGR (exhaust gas recirculation) system, there's lots of little bits associated with this -

The book covers the various aspects of the use of pesticides, their behavior, degradation, and impacts in wetland ricefields, and presents the results of surveys conducted in the Philippines and Thailand. It includes both bibliographic reviews and selected aspects of the experimental results of a research project on pesticide impacts in wetland ricefields. The first phase of the 'Pesticide Impact' project was developed in the Philippines from

1989 to 1991. It was a multidisciplinary/collaborative approach involving scientists from IRRI, NRI (England), ORSTOM (France), UPLB (Philippines) who studied the effects of pesticides on the environment and on farmers' health, and the economical aspects of their use.

Xiaoxue Gao takes relational spatial theories as "travelling conceptual knowledge," distinguishes them, and reflects on the epistemic fallacy that arises from recontextualising them uncritically in studying contemporary urban space in China.

This volume provides a comprehensive review of the essentials of the Therapeutic Community (TC) theory and its practical "whole person" approach to the treatment of substance abuse disorders and related problems. Part I outlines the perspective of the traditional views of the substance abuse disorder, the substance abuser, and the basic components of this approach. Part II explains the organizational structure of the TC, its work components, and the role of residents and staff. The chapters in Part III describe the essential activities of TC life that relate most directly to the recovery process and the goals of rehabilitation. The final part outlines how individuals change in the TC
