Diese Publikation ist aus dem Projekt Deutsch von Anfang an des Goethe-Instituts Istanbul hervorgegangen. DaF-Expertinnen aus sechs südeuropäischen Ländern (Bosnien und Herzegowina, Griechenland, Kroatien, Mazedonien, Serbien und der Türkei) analysieren den Ist-Zustand des Frühen Deutschlernens in ihren Bildungssystemen und gehen folgenden Fragen nach: Welche Stärken und Schwächen weist das Frühe Deutschlernen auf? Vor welchen Herausforderungen steht die Weiterentwicklung des Frühen DaF? Auf welche Potentiale kann die Qualitätsentwicklung des Frühen Deutschlernens zurückgreifen? Welche Veränderungen sind erforderlich, um die Qualität des Frühen DaF-Unterrichts zu verbessern? Im Mittelpunkt der Länderberichte stehen folgende sechs, für den Frühen DaF-Unterricht zentrale Bereiche: - bildungspolitische und systemische Rahmenbedingungen - curriculare Vorgaben - Lehr- und Lernmaterialien - Evaluation - Lehrer/-innenbildung und -fortbildung - Verbindung von Forschung und Praxis Die Beiträge entwerfen ein detailliertes und vielfältiges Bild des Frühen DaF in Südeuropa; sie zeigen große Unterschiede insbesondere in Bezug auf die Rahmenbedingungen, aber auch Gemeinsamkeiten im Kontext der fachdidaktischen und sprachenpolitischen Entwicklungen in Europa mit dem Schwerpunkt Frühes Fremdsprachenlernen auf. Als Quintessenz des Projekts wurden auf Grundlage der Länderberichte Handlungsempfehlungen zum Frühen DaF-Lehren und -Lernen entwickelt. Diese richten sich wie der gesamte Band an Entscheidungsträger/-innen im Bildungssektor, DaF-Lehrkräfte sowie an alle Reforminteressierte, die sich für eine Integration des Frühen DaF-Unterrichts in das Konzept einer europäischen Mehrsprachigkeit einsetzen.

Composed of 8 units with each unit designed to be covered over a month of classes, this title includes lessons that consist of vocabulary, grammar, Storysong, story comprehension and literacy work, language practice, content-based learning, action songs and reviews. It also features story board cut-outs which provide an interactive approach.

This textbook focuses on second language speech - how individuals perceive and produce the sounds of their second language.

Reminiscent of old whaling stories, *Four-Day Planet* follows the story of Walter Boyd, a scrappy 17-year-old reporter working for his father at the Port Sandor Times. Walt gets tied up in the adventures of the sea-monster hunters on Fenris—a barely-habitable planet with a 2,000-hour day. The prized—and only—commodity on Fenris is tallow-wax, a miraculous material harvested from the dangerous seas of the planet. While being set in a grand sci-fi universe, the book packs in more about intrigue, betrayal, and the grit required to survive on a backwater planet of the Federation. The book was later re-published as a “two-for-one” with *Lone Star Planet* (originally titled *A Planet for Texans*). This book is part of the Standard Ebooks project, which produces free public domain ebooks.

A “beautifully written” dark fable from a doll’s point of view—by the New York Times – bestselling author of *The Lost Daughter* and the *Neapolitan Novels* (*The Washington Post*). One of NPR’s Best Books of the Year. Readers of Elena Ferrante’s *The Lost Daughter* may recall the little doll—lost or stolen—around which that novel revolves. Here, Ferrante retells the tale from the doll’s perspective. Celina is having a terrible night, one full of jealousy for the new kitten, Minù; feelings of abandonment and sadness; misadventures at the hands of the beach attendant; and dark dreams. But she will be happily found by Mati, her child, once the sun rises . . .
“Everyone should read anything with Ferrante’s name on it.” —*The Boston Globe*

Super Minds American English is a seven-level course for young learners. Written by a highly experienced author team, *Super Minds* enhances your students' thinking skills, improving their memory along with their language skills. For ease of use, this Level 6 Teacher's Book includes detailed lesson aims, clear instructions, and a vast array of extra activities. Class Audio CDs, including audio from the Student's Book and Workbook, are sold separately.
