Powerlifting. Is a strength sport comprised of three main lifts: Squat, Bench Press & Dead Lift; with the goal of attaining as much raw strength as possible. Powerlifting class is appropriate for both beginners and competitive experienced powerlifters. We prioritize teaching proper form and technique and smart programming so that you can reach your strength goals quickly and safely.

Performance Powerlifting – Instructor lead Powerlifting

"Powerlifting tests the competitor's strength in the bench press, squat, and deadlift," says Sutton. Each lift uses a barbell loaded with weight plates. Participants at powerlifting meets get three attempts at the maximal weight of each lift (aka your one-rep max). The weight of your highest successful attempt at each lift is added together for your total score.
