This is Kerouac's incredibly drunken account of his time in Paris as middle-age consumed him. It's a witty, amusing, and thoroughly irrelevant story, but it showcases his alcoholism in full flow. Satori (kick in the eye) In Paris has very little to do with Zen Buddhism (the cover picture is thoroughly inappropriate) and is all about his inebriated trivails around Paris attempting to piece together some family history.

Paris is perpetually full of possibilities, and this "Rough Guide" clues travelers in on the very best of these--from tourist hot spots to the more offbeat and obscure, this guide covers it all. in color.

Jack Kerouac's classic novel about friendship, the search for meaning, and the allure of nature First published in 1958, a year after On the Road put the Beat Generation on the map, The Dharma Bums stands as one of Jack Kerouac's most powerful and influential novels. The story focuses on two ebullient young Americans--mountaineer, poet, and Zen Buddhist Japhy Ryder, and Ray Smith, a zestful, innocent writer--whose quest for Truth leads them on a heroic odyssey, from marathon parties and poetry jam sessions in San Francisco's Bohemia to solitude and mountain climbing in the High Sierras.

"Examining the themes of presence and absence, the relationship between photography and theatre, history and death, these 'reflections on photography' begin as an investigation into the nature of photographs. Then, as Barthes contemplates a photograph of his mother as a child, the book becomes an exposition of his own mind."--Alibris.

Explores the homogenization of American culture and the impact of the fast food industry on modern-day health, economy, politics, popular culture, entertainment, and food production.

Now that Kerouac's major novel, On the Road is accepted as an American classic, academic critics are slowly beginning to catch up with his experimental literary methods and examine the dozen books comprising what he called 'the legend of Duluoz.' Nearly all of his books have been in print internationally since his death in 1969, and his writing has been discovered and enjoyed by new readers throughout the world. Kerouac's view of the promise of America, the seductive and lovely vision of the beckoning open spaces of our continent, has never been expressed better by subsequent writers, perhaps because Kerouac was our last writer to believe in America's promise--and essential innocence--as the legacy he would explore in his autobiographical fiction.

"Karl Jansen's book Ketamine, Dreams, and Realities is a goldmine of information on this fascinating substance that combines in a unique way the properties of an anesthetic and a psychedelic. It is clearly written, well researched and documented, and presents a balanced and objective view point. The author's broad perspective that covers all the aspects of Ketamine from pharmacology to its use in raves makes this book interesting for clinicians and researchers, as well as the general public."- Stan Grof, M.D., author of Psychology of the Future: Lessons From Modern Consciousness Research; LSD Psychotherapy "Indispensable reading for those with any interest in ketamine. Entertaining, thought-provoking, and thorough." - Rick Strassman, M.D., author of DMT: The Spirit Molecule: A Doctor's Revolutionary Research into the Biology of Near-Death and Mystical Experiences "It is an excellent book... a well done comprehensive review of the entire history of ketamine." - Evgeny Krupitsky, M.D., Ph.D. Pioneer researcher into the use of ketamine-assisted psychotherapy in the treatment of alcoholism and heroin addiction.
