Welcome to Bjarne Stroustrup's homepage! I'm a Technical Fellow and a Managing Director in the technology division of Morgan Stanley in New York City and a Visiting Professor in Computer Science at Columbia University. I designed and implemented the C++ programming language. To make C++ a stable and up-to-date base for real-world software development, I have stuck with its ISO standards effort for almost 30 years (so far).

The C++ Programming Language book by Bjarne Stroustrup

This book is considered to be the ultimate C++ bible as it's written by the creator of C++ himself, Bjarne Stroustrup, although I much prefer Big C++ as a reference book. This book is also clearly written by a straight programmer who isn't great when it comes to documentation as many of his explanations of the language are long-winded and overcomplicated for no reason.
