# Download Ebook The Kids Book Of Questions Revised

I wrote this book because I think talking can be terrific fun, and even talking to your parents and brothers or sisters can be a kind of great game. Everyone can get to know each other and laugh a lot--and be

# Download Ebook The Kids Book Of Questions Revised

amazed from time to time. No one wins or loses, but there is an element of surprise in finding out personal information about parents--and sharing some of your ideas, daydreams, and opinions with them. My idea

# Download Ebook The Kids Book Of Questions Revised

is to think of some of the world's most interesting questions that parents and kids could talk about and give everyone the chance to pick the ones they'd like to hear about. Each person picks a question to ask and

# Download Ebook The Kids Book Of Questions Revised

then answers a question when his or her turn comes around. All you have to do is choose from the list under 201 Questions to Ask Your Parents and ask any question you want. Your parents can take as long or

Others--like asking you who

about and share with them.

out of any two questions

more than that. It's good if  
a question makes you squirm

either haven't thought about  
it before, or you have but  
you haven't wanted to deal

with it. But why not try out  
and answer? Pick a set  
length of time to play

want to extend it. These  
questions get addictive! You  
can play them at the dinner
