future. Charles Handy is one of the giants of contemporary thought. His books on management - including Understanding Organizations and Gods of Management - have changed the way we view business. His work on broader issues and trends - such as Beyond Certainty - has changed the way we view society.

The Second Curve: Thoughts on Reinventing Society ...

Charles Handy builds on a life's work to glimpse into the future and see what challenges and opportunities lie ahead. He looks at current trends in capitalism and asks whether it is a sustainable system. He explores the dangers of a society built on credit. He challenges the myth that remorseless growth is essential. He even asks whether we should rethink the way we

The Second Curve reads less like the self-indulgent reflections of a comfortably-off octogenarian than the bracing manifesto of a forward-looking radical. For instance, Handy gently but forcefully...

Review: 'The Second Curve' by Charles Handy | Financial Times

# Read Free The Second Curve Thoughts On

In 'The Second Curve' Charles Handy (doyen of management thinking for the last 40 years) shows how the 'Sigmoid Curve' provides a useful metaphor for thinking about initiating change in our lives (as well as in our businesses and society), at the point when everything appears to be still going well (i.e. on the up-curve of our past creativity) rather than waiting for evidence of decline before acting.

Charles Handy's second curve and how organisations are ...

The Second Curve. While the pandemic curve is flattened so that hospitals can still function, a second curve can have a terrible peak. That is the economic wasteland ahead. The BBC notes "It can take a long time for the tide to go out – possibly years. It is clear the current strategy of shutting
