Find out how to survive and thrive as a spinjitzu warrior and then test your skills with some brain-boosting activities.

This is the world’s only illustrated guide to the real ninja teachings of historic Japan. These original techniques are presented in a highly accessible 'how-to' format that combines easy-to-follow text with a fresh, contemporary design that includes step-by-step photographs. This is the first book ever to present the authentic ninja techniques in a highly accessible, illustrated 'how to' format. The shadowy figure of the ninja – expert commando, secret agent, maverick who operates outside social norms – continues to exert fascination in the West, yet much of what is presented as ninja fact today is distorted or wrong. Drawing on the scrolls created by historical Japanese ninjas (or shinobi, as they were then known), this book offers the real ninja teachings in 150 easy-to-follow, illustrated lessons designed to draw contemporary students of ninja straight into the world of these skilled spy-commandos. The truth about the ninja is so much more complex and intriguing than the Hollywood clichés we know today. We may think, for example, of a ninja as being always garbed in black and fighting with 'throwing stars' but in fact, a ninja had clothes in different colours to serve as disguises for different times of day, and their arsenal of weaponry could include anything from poison, poison gas, pepper spray and fire-creating tools to swords, spears and knives (but no throwing stars). The 150 lessons in this book cover all the basics of ninja warcraft, including clever ideas for infiltrating an enemy compound (from wearing 'silent sandals' to faking passes and passwords), tactics for hiding and retreat (in the racoon dog retreat, a ninja will crouch low and halt, allowing the pursuer to collide with him at speed, whereupon the agent kills his enemy), and ways of crossing marshes and water (for example, with special shoes made of boards, or using a foldaway floating seat). The description is made all the more vivid by step-by-step photographs of the fighting techniques, diagrams outlining military tactics and beautiful samples of Japanese calligraphy.

The Book of Ninja, the ultimate ninjutsu manual, was penned in 1676 by a ninja known as Fujibayashi. Born in the post-civil war era of Japan, Fujibayashi collected and combined information from the ninja clans of Iga - regarded to be the homeland of the ninja - and compiled it into an authoritative book. Known as The Bansenshukai, this book has now been translated into English by the Historical Ninjutsu Research Team. It is widely considered to be the 'bible' of 'ninjutsu', the arts of the ninja. The Book of Ninja begins with an in-depth introduction to the history of Fujibayashi's scripture. Then the teachings themselves, appealingly rendered in this translation, take us into the secrets of guerilla warfare and espionage. We learn how to become the ultimate spy, whether through a network of spies or by hiding in plain sight. Through the stealth and concealment tactics of night-time infiltration and through weapon and tool building skills, as well as mission planning, we can learn much both about warfare and about adopting the right mindset for tackling our own inner and outer enemies. Adding to the mix for the spycraft lover, there are sections on capturing criminals, performing night raids, making secret codes and signs, and even techniques for predicting the weather and using an esoteric Buddhist system of divination. An exciting and engaging tome of lost knowledge, The Book of the Ninja is the final say in the world of the ninja and the ultimate classic for samurai and ninja enthusiasts alike.

Learn to master ninjutsu techniques and the Budo warrior ethos with this informative and entertaining martial arts guide. Welcome to the secret world of the ninja master! The Illustrated Ninja Handbook is your ultimate guide to the esoteric knowledge and teachings of the ancient Japanese shinobi. It provides ninjitsu devotees with the first detailed understanding of this shadowy and mysterious martial art form. This handbook contains step-by-step instructions that allow you to master the 40 most devastating ninja fighting techniques. It was created with the blessing of legendary ninjutsu master Soke Masaaki Hatsumi, who taught for many generations in the Bujinkan School—generally recognized as the leading ninjutsu school in the world. The Bujinkan Dojo encompasses nine separate ryu-ha or martial arts schools that are based in Japan and headed by Hatsumi. Bujinkan ninjas use both armed and unarmed fighting techniques, with weapons such as swords, bamboo shinai, and staffs. They also learn to defend themselves unarmed against weapons attacks. Author Remigiusz Borda studied and taught Bujinkan ninjutsu for many decades, and in this book presents the unique system created by Masaaki Hatsumi—the 34th Grandmaster and head of the Togakure-ryu Ninjutsu lineage. The Illustrated Ninja Handbook is based on hundreds of years of actual ninja combat experience and contains the traditional knowledge of the legendary Shinobi warrior clan who were instrumental in helping found the Tokugawa Shogunate.

True Path of the Ninja is the first authoritative translation in English of the Shoninki—the famous 17th century ninjutsu manual. Authors Antony Cummins and Yoshie Minami worked closely with Dr. Nakashima Atsumi, author of the most comprehensive modern Japanese version of the Shoninki, thus making this English translation the closest to the original scrolls. The information and insights found in this translation are invaluable for understanding the skills, techniques and mentality of the historical shinobi. Whether it involved tips for surviving in the wild, advice on intelligence-gathering techniques, or methods for creating chaos in the enemy camp, this ninja book unveils secrets long lost. Along with its practical applications, this book is an important guide to the mental discipline that ninjas must have to ensure success in accomplishing their mission. True Path of the Ninja covers the following topics: What a ninja is and what equipment he needs The skills of infiltration and information gathering How to distrust and distract the enemy How to be mentally prepared to carry out ninja missions In addition to the translation of the Shoninki, this book also includes the first written record of the oral tradition "Defense Against a Ninja" taught by Otake Risuke, the revered sensei of the legendary Katori Shinto Ryu school of swordsmanship. Sensei reveals for the first time these ancient and traditional teachings on how the samurai can protect himself from the cunning wiles of a ninja. About this new edition: This second edition contains a new introduction by the translator, and has been thoroughly updated to reflect developments that shed new light on the original Japanese text.

Explore the exciting new world of LEGO® Ninjago in this awesome activity book complete with everything you need to build your very own Ninjago minifigure! Discover the story behind LEGO's exclusive new range of ninja fighters, build your very own LEGO Ninjago minifigure, read the stories and complete the puzzles. Lots of fun for every LEGO fan!

The Ultimate Sheepadoodle Dog Manual has the answers you need when researching this gentle and intelligent hybrid canine with the shaggy, soft coat. Learn about this large breed canine and find out whether or not this people oriented dog will be the best choice for you and your family. It is important to gather as much information as possible before you take the plunge to share your home with a fur friend. Learn everything there is to know, including little known facts and secrets, and how to care for every aspect of your Sheepadoodle's life. This manual contains all the information you need, from birth to the Rainbow Bridge, including transitioning through house breaking, care, feeding, training and end of life, so that you can make a well-informed decision about whether or not the Sheepadoodle is the breed for you. If you already have a Sheepadoodle, this book will teach you everything you need to know to make your dog a happy dog and to make you a happy dog owner. The author George Hoppendale is an experienced writer and a true animal lover. He enjoys writing animal books and advising others how to take care of their animals to give them a happy home. Co-Author Asia Moore is a professional Dog Whisperer, Cynologist and Author, living on Vancouver Island, off the west coast of British Columbia, in Canada, who believes that all humans and dogs can live together in harmony. She and her dog whispering team, which includes an 8-year-old Shih Tzu named Boris, teach dog psychology to humans, to help alleviate problem behaviors that arise between humans and their canine counterparts so that everyone can live a happy and stress-free life together. Covered in this book: - Breeding - Temperament - Vital statistics - Before you buy - Choosing the right dog - Health - Daily care - Feeding - House training - Medical care & safety - Grooming - Training - Poisonous Foods & Plants - Caring for your aging dog and much more.
